May 16, 2011

Dear Educator,

You are cordially invited to attend the James Logan High School Concert Band Festival. The festival is a one day event being held in the new 600 seat theater at the James Logan High School Center for the Performing Arts. Our featured educators include Dr. Nicholas Williams, Assistant Director of Wind Studies at University of North Texas, Dr. Lawrence Sutherland, Professor Emeritus at California State University, Fresno, Dr. Stuart Sims, Coordinator of Instrumental Studies at California State University, Stanislaus, and Bill Watson, Director of Fine Art for the Lewisville Independent School District in Denton County, Texas. Following the performance, there will be a 40 minute clinic with one of these distinguished educators.

Each group will have a 45 minute time slot. Please program a maximum of 35 minutes of music for your concert set. This includes getting on and off the stage. Also, each band will receive a CD and DVD recording of their performance as well as a CD of the adjudicators' comments.

In an effort to ensure that bands will have an active listening audience, groups will be required to listen to performances. More details to follow as the scheduled is finalized. We also encourage parents and any other spectators to attend, as admission will be free.

To reserve your spot, fill out the application form and return it with the entrance fee of \$350. Space is limited. Priority will be given to the earliest postmarked entries. Please feel free to contact me if you have any questions at rbarrera@nhusd.k12.ca.us.

Warmest Regards,

Ramiro Barrera
